

Delta and United Way

Delta and United Way continue to serve the community in spite of many uncertain financial concerns. The Delta Family has always accomplished remarkable things, and our 2003 Delta United Way campaign was no different. Last year the Delta Family exceeded its \$3.2 million dollar goal, donating over \$3.4 million dollars to the communities where you live, work and serve. The money that you donate to the Delta/United Way campaign stays in your community, distributed in one of two ways: You may direct your money to a designated agency by contacting your local Delta/United Way representative and obtaining a specific care form, or you can give to the United Way Community Fund and allow volunteers to target your donation where it will have the most impact in your community.

At Delta we take much pride in our community, and it is because of your generosity that we're able to impact the lives of millions. Supporting others is what the Delta/United Way partnership is all about. Together, WE have made and will continue to make a real difference in the lives of those in need.
